SUBJECT NUMBER

USIB-CC-5./78      Item Considered at the Third Joint Meeting of the  
USIB-EE-~~5/13~~      COMINT and ELINT Committees, held on 1 June 1960.

5.5/11      Subject:      Presentation of NSA Program

25X9A8

[REDACTED] introduced Mr. Oliver Kirby of NSA, who gave the presentation on the FY 1962 program, in relation to FY 60 and 61. Within the scope of NSA response to tasking by USIB, (with the CRL and ERL as guidance), he outlined proposed allocation of resources within the two broad fields of Analysis and Operational Support.

At the conclusion of Mr. Kirby's presentation, there was a question and answer period in which queries by Members of both Committees were responded to by appropriate NSA personnel.

In an afternoon period, the COMINT and ELINT Committees went into separate sessions to discuss specific problems of unique interest in their individual fields with NSA representatives.

It was noted that the figures prepared by NSA did not include resources from other than assigned Agency personnel. In order to provide the community with a more complete picture, NSA agreed to furnish additional data on resources, to the extent of their ability at this time, delineating the additional coverage provided by such efforts as the Cryptologic Agencies, [REDACTED] etc.

25X1X7

& NSA  
25X9      The entire matter of the NSA program and its relationship with requirements lists and budgetary matters will continue under study by both Committees in order to provide appropriate recommendations to USIB.
